CHAIRMAN'S OPENING REMARKS:-

1693. **The Chairman welcomed all present to the meeting and made the following comments:**

As members of Council we sit through fourteen meetings monthly and have been repeating this cycle from year to year since mid - 2003. I estimate that we have sat in on over seven hundred (700) meetings since that time for which minutes were taken and recommendations made, all of which required follow - up action.

Why do we continue to persist in attempting to deliver goods and services to our people in the face of scarce resources, even when we were awash with money? This country continues to have an abundance of aggregate, steel, cement, oil sand, cold mix and timber, some of the main resources of our trade - yet people are crying out daily for box drains, road - repairs and bridge restoration. Where the main resource input is our workers and contractors, the Penal Debe Regional Corporation is able to clean cemeteries, cut recreation grounds, wash the markets, collect garbage, clear drains and remove derelict vehicles. The problem then must be with Central Government's inability to provide material needs in sufficient quantities on a sustainable basis over time.

They are extremely poor planners.

Goods and services requirements should be calculated on the basis of need, properly assessed and prioritized. Council continues to provide this information to central government on an annual basis yet their planners feel comfortable in taking decisions every year in preparing the budgets to base their estimates on the prior year's expenditure. This flawed formula is repeated ad nauseam and the people continue to suffer. There is no magic to good Local Government. Since Councillors know every single house in every single street in every single community, identifying the physical needs and feeding this information into a programme of works is easy. The stumbling block is the release of sufficient resources on a timely basis by Central Government to execute the projects in the overall delivery agenda.

ANNOUNCEMENTS:-

1994. (i) At the last Mayor's and Chairman's Meeting we were informed that by reconstituted boundaries between Penal/Debe, Siparia and Point Fortin Regional Corporation it was requested that the Penal/Debe Regional Corporation is requested to submit boundaries lines in each electoral district.

(ii) He stated that the price for a barrel of oil is targeted at fifty – five dollars a barrel (\$55.00).

- (iii) That the Penal/Debe Regional Corporation must sustain the pressure and continue to operate. He informed that he is aware of two (2) Municipal Corporations that laid off employees. He stated that employees of the Penal/Debe Regional Corporation must continue to deliver.
- (iv) He informed that the Penal/Debe Regional Corporation will be hosting a meeting in the Council Hall with Members of Council and stakeholders on 20/03/09 at 7:00 pm.
- (v) Councillors Roy Kissoon, Premnath Boodoosingh and Willvan Ramlakhan to have discussion regarding setting up of a Police Post at Lachoos Road, Penal.
- (vi) Councillor Willvan Ramlakhan reported that on 19/02/09 at the Regional Coordinating Committee Meeting he requested that the County Superintendent be present at a site visit with the Ministry of Works at Oliverie Drive regarding flooding in the area. He stated that he spoke to the County Superintendent and was informed that the Road Officer II – Penal would be present. He then stated that the Road Officer II informed him that he was on his day off; therefore neither the County Superintendent nor the Road Officer II was present.
